

I listen to K-LOVE locally in and around our community about 75% of the time I am in my vehicle. It is a family-friendly station without commercials and I can listen with my young kids without fear of a tasteless remark or commercial. This station is a great asset to our community and my family, as my kids like to listen to their favorite Christian songs and sing along with them.

When traveling around the country, I can listen to the same station which is also broadcast on other frequencies around major metropolitan areas I travel to. It is wonderful to be able to listen to the same DJ's and hosts (while traveling) that I'm used to listening to at home.

If this station were to be displaced by an LPFM broadcaster, we would not have any other alternative like this station. This station serves our community well by providing many other families this same type of enjoyment and service. We know many other families who enjoy it like we do. Please do not allow LPFM service to take priority over our K-LOVE translator.

Thank you.
